HANDREVIEW USER MANUAL

This manual is intuitive as our software, is enough to observe the images to understand as to use best of and the more efficient form. The screens follow the logical order of the presentation them tools in the interface of each software.

Descriptive

This software is composed of a combo, editor and reader reviews. The Editor has resources for the creation and organization of reviews and a list in alphabetical order automatically. With search by name. It has option of Note for each review (shared with others through the reader you send to anyone you want - example: you created reviews, reader and sent them to 30 persons, they may add comments on Shared Notes and returned to you the reviews, you can then re the only maintain or archived reviews, and read in the Reader). More, copy and paste text of Memopad and vice versa directly. In English.

To facilitate the access and use those reviews are presented in two modes:

HandReview Writer - for writing.

HandReview Reader - only to reading and editing notes shared.

1.0 - PALM OS 3.5 or superior (ram 209)
